September 2017
On behalf of the Country of Turkmenistan, I would like to welcome all of our guests who are coming to participate at Ashgabat 2017 5th Asian Indoor and Martial Arts Games, taking place for the first time in our country.

We are working hard across all levels of the government to develop sport in Turkmenistan, and are working together with International Federations and sporting organisations throughout the world to share knowledge and experience.

I hope that Ashgabat 2017 will establish Turkmenistan’s position on an international level, spread our Country’s love of sport throughout the world and strengthen our friendly relations between nations.

During the Games, Asian and Oceanic athletes will have the opportunity to share their experiences, demonstrate their sporting skills and build lasting friendships.

We have been working hard to deliver the Games to a high level. The Ashgabat Olympic Complex covers total area of 157km², we have over 30 different sites within the complex, including 15 sport competition venues.

The Athletes village and accommodation for our guests offers international world class catering, relaxation, cultural and entertainment facilities. All of this contributes to the great experience we want our guests to have along with a greater cooperation with Asian, Oceanic and international sport federations.

“Health, Inspiration and Friendship” was chosen as the motto of the Games. This motto is reflective of our healthy society, our nation’s inspiration and the importance of developing friendly relations with all nations of the world.

National values, ancient traditions and the rich culture of our nation are depicted in the logo, mascot and brand of Ashgabat 2017. The logo, mascot and brand of the Games, which represent past and present history, and the great future of our nation, will form a starting point for a unique opportunity for our guests to experience our ancient heritage, national legacy, spiritual and cultural values through to modern day times of our country.

Our nation’s healthy life style is embedded in each and every one of our citizens. One of the leading principles of the state is to protect our nation’s health, to ensure that our citizens enjoy a peaceful and prosperous life, to assure our young generations enjoy sport and to major sporting events in our country.

1.3 Logo
The Ashgabat 2017 logo is made up of several different elements:

Akhal-teke
The akhal-teke horse is a national symbol of Turkmenistan. These horses are renowned for their speed, endurance and intelligence. The horse represents Health.

Moon
The crescent Moon is a recognised symbol shown on the Turkmenistan national flag. The Moon represents Inspiration.

Star
The star is the symbol of the Olympic Council of Asia, which represents welcoming Asian countries to Turkmenistan. The star represents Friendship.

Together the elements of the logo and the colours come together to represent Health, Inspiration and Friendship within Turkmenistan, and the circular shape reflects unity and sharing these values with the world.

1.4 Mascot
The Ashgabat 2017 Mascot is called Wepaly – meaning Loyal Friend in Turkmen. He is an Alabai, a traditional Turkmen dog which is renowned as a beautiful and courageous animal that for many centuries has helped Turkmen shepherds to safeguard flocks of cattle in heavy conditions in the sandy desert. Today the Alabai is treasured by the Turkmen people not only as a courageous protector, but also as a loyal friend. Wepaly wears traditional ceremonial dress and a white telpak fur hat while waving the State Flag of Turkmenistan and the symbol of the Olympic Council of Asia.

2. Accreditation and Validation
The Asian Indoor and Martial Arts Identity and Accreditation Card (AIMAGIAC) is both a visa-waiver document for entry into Turkmenistan for the 5th AIMAG and an identity and access device for access into Games venues.

AIMAGIACs will be distributed to all eligible Games participants via IFs/AFs (Technical Delegates and federation staff), NOCs (athletes and team officials), or the Ashgabat 2017 Executive Committee Sport Team (Technical Officials). The cards will be distributed in the form of a Pre-Valid Card (PVC) which must be validated at an official Games Accreditation location prior to being used to access Games venues.

For updates on the status of applications, please contact the IF/AF or NOC that is responsible for your application. Please also contact the relevant responsible organization if you do not receive your PVC before the end of August 2017.
PVCs should be carried with the passport during travel to Turkmenistan – participants may need to show the PVC to airline check-in or border control officials during departure or transit to prove eligibility to enter Turkmenistan. The PVC is a visa waiver document for entry into Turkmenistan between 18 August and 12 October 2017 – participants in possession of a PVC do not need to apply for a separate entry visa for Turkmenistan during this period. The PVC however does not act as a transit visa for any country – participants are required to make their own arrangements for transit visas where required.

Upon arrival into Turkmenistan, the Accreditation Card should be presented with the passport to the border control officials. The passport must be the same as the information submitted as part of the application for accreditation, and it must be valid until at least 28 December 2017.

Validation of the PVC

PVCs must be validated at an official Games Accreditation location before accessing Games venues. Each participant must attend in person with their passport to complete the process.

There will be Accreditation Validation Counters at Ashgabat International Airport (ASB) from 1 September 2017 – all participants arriving into Turkmenistan through ASB are required to complete the validation process at the airport before proceeding to their accommodation.

Lost, Stolen and Damaged PVCs and AIMAGIACs

If your PVC is lost prior to departure for Turkmenistan, is lost in transit or is damaged, please contact your IF/AF or NOC in the first instance. They will communicate with the 5th AIMAG Executive Committee to discuss options.

If your AIMAGIAC is damaged in such a way that the photograph, name or access codes are not easily read, or if the barcode area is damaged so that it will not scan at the access control points, please report to any Accreditation Centre where a replacement card will be issued.

Lost or stolen AIMAGIACs should be reported to any Accreditation Centre at the earliest possible opportunity so that it can be cancelled. A new AIMAGIAC will be issued upon completion of a declaration form, and presentation of a valid passport to confirm identity.

The Jumping Competitions consists of a Team competition (run over two rounds with possible jump-offs for first, second or third place in case of a tie on penalties for first, second or third place following the second round of the Team competition) the 3rd Individual qualifier and the Individual Final competition (run over a single round with possible jump-offs for first, second or third place in case of a tie on penalties for first, second or third place following the initial round of the Individual Final competition). The Team Competition Round 1 and Round 2 and a 3rd Individual Qualifier serve as qualification for the Individual Final Competition.

The Official Training Session will proceed according to Article 323.
6.2 Jumping Team Competition (JT) (135cm)

The total Penalties of the best three Athletes per team in the first round are added to the total Penalties of the best three Athletes per team in the second round. All teams return for the second round. The team with the lowest combined penalties will be declared the winner. The team with the second lowest total penalties will be awarded second place, and so on. In the event of equality of penalties for the first, second or third place, there will be a jump-off against the clock, in which all team athletes take part. If more than one jump-off is required to decide medal placing, the jump-off for third place takes place before the jump-off for first and second place. The total penalties and time of the three (3) best placed athletes in each team in the jump-off will decide the winner and other medal placing.

Starting Order

The Starting Order in Round 1 of the Team Competition will be established by a draw in accordance with Article 252.1.1.1 and 252.1.1.2.

The Starting Order in Round 2 of the Team Competition will be established according to the reverse order of penalties incurred in Round 1. Teams with equality of penalties retain the same order of starting as in Round 1. Individual athletes will start prior to Team athletes in Round 2.

The Starting Order in the jump-off takes the same order as in Round 2.

The jump-off for the 3rd medal place is prior to the jump-off for the 1st and 2nd medal placing.

In the event of equality of penalties and time for any places after the jump-off, the Teams in question are placed equal.

Obstacles height: 1.35m
Number of Obstacles: 12-14
Speed: 375m/min
Water Jump: 3.50m

Type of competition:
The Team Competition takes place over two rounds, over the same course and during the course of the same day.
The Team Competition is judged under Table A not against the clock with a time allowed in both rounds.

The Course – technical requirements

The course must include a water jump (optional in indoor arenas, where the spread may be less than indicated above). Refer to JRs Art. 211.1 and Annex VII for details relating to the construction of the water jump. The measurements for the water jump given above include the take-off element.

No combination obstacle may require more than three jumping efforts, except in the case of permanent obstacles, banks, mounds or slopes at outdoor Events.

The course must include at least one double or one treble combination, but not more than three doubles or one double and one treble combination.

The length of the course in indoor arenas may be less than indicated above.
Participation

Participation in the Team Competition is subject to the following conditions:

The Chef d'Equipe will, on the day preceding the Team competition, declare the four Athletes and Horses, including their starting order;

When a team can only provide three Athletes and three Horses, its Chef d'Equipe must start his three Athletes and Horses;

Except in circumstances beyond control recognized as such by the Ground Jury, participation in this Competition is compulsory for all NFs officially represented by at least three Athletes.

In the event of an accident or illness to an Athlete and/or Horse, between the submission of the declaration and one hour before the start of the Competition, the Athlete and/or Horse may on production of a certificate from an officially recognized medical doctor and/or with the permission of the Veterinary Commission and after approval by the Ground Jury be replaced by another Athlete and/or Horse entered with the definite entries for the official team (see JRs Art. 253). In the event of substitution, the starting order remains unchanged.

Order of starting

The starting order of the teams in the first round is determined by a draw in the presence of the Ground Jury and the Chefs d'Equipe. The draw will take place at a time fixed by the OC in agreement with the Ground Jury.

Including in Round 1 of the Team Competition where Individuals are interspersed in the overall starting order, all the number ones start first in succession, then all the number twos and so on. The Chefs d'Equipe of teams comprising only three Athletes may choose in which of the three positions out of four they will start their Athletes.

For the second round, the Athletes in each team start in the same order as in the first round.

Elimination and retirement

If two or more Athletes of a team, participating with four Athletes in the first round, are eliminated or retire, the whole team is eliminated from the competition.

If two or more Athletes of a team, participating with four Athletes in the second round, are eliminated or retire, the whole team is eliminated from the second round of the team competition.

If one Athlete of a team, participating with three Athletes in the first round, is eliminated or retires, the whole team is eliminated from the competition.

If one Athlete of a team, participating with three Athletes in the second round, is eliminated or retires, the whole team is eliminated from the second round of the team competition.

If a team is qualified to take part in the second round, an Athlete eliminated in the first round may start in the second round.

A team, which is qualified to take part in the second round, may only withdraw from the second round with permission of the Ground Jury.

6.3 3rd Individual Qualifier (145cm), speed 375 m/min, not against the clock

The 3rd Individual Qualifier is limited to the thirty (30) best placed athlete/horse combinations, including those placed equal for the 30th place, according to the total penalties incurred in the qualifiers (Team Competition Round 1, Team Competition Round 2). A maximum of three (3) athletes per NOC are allowed to participate in the 3rd Individual Qualifier.

Starting order

The starting order for the 3rd Individual qualifier will follow the reverse order of penalties incurred in the two rounds of the Team competition, excluding the penalties in the jump-off. Those with equality of penalties retain the same starting order as in the 2nd round of the Team competition. The athlete with the most penalties will start first, the athlete with the least penalties will start last.
6.4 Individual Final (145cm), speed 375 m/min, not against the clock.

The Individual Final Competition is limited to the Twenty (20) best placed athletes, including those placed equal for the 20th place, according to the total penalties incurred in the Team Competition Round 1, Team Competition Round 2 and the 3rd Individual Qualifier. A maximum of two (2) athletes per NOC are allowed to participate in the Individual Final. This will be based on the two combined best results from each NOC from the 3 Individual Qualifying Rounds. In case of a tie for the second place for any NOC the Chef d’Equipe will decide which athlete will take part in the Individual Final.

All athletes start with zero penalties in the Individual Final.

The Individual Final will be judge under Table A Against the Clock. The final classification for the Jumping Individual Final Competition will be decided by adding together the penalties incurred in the Individual Final.

The athlete with the lowest penalties will be declared the winner, and so on. In the event of equality of penalties for the first, second or third medal placing, there will be a jump-off against the clock. The total penalties and time in the jump-off will decide the medal placing. In case of more than one jump-off is required, the jump-off for the 3rd place takes place prior to the jump-off for the 1st and 2nd place.

Starting order

The starting order for the Individual Final competition will follow the reverse order of penalties incurred in the two rounds of the Team competition (excluding the penalties in the jump-off) and in the 3rd Individual Qualifier. Those with equality of penalties retain the same starting order as in the 3rd Individual Qualifier. The athlete with the most penalties will start first, the athlete with the least penalties will start last.

2015 Veterinary Regulations, Chapter VI
SAMPLING

All horses competing at FEI Events may be subject to sampling for the presence of FEI Equine Prohibited Substances in accordance with the FEI Equine Anti-Doping and Controlled Medication Regulations (EADCMRs). Horses may be selected for sampling in accordance with obligatory testing, targeted or random sampling procedures (2015 Veterinary Regulations Article 1057 and 1058).

CLEAN SPORT INFORMATION

The current FEI Equine Prohibited Substances List of Banned Substances and Controlled Medications (the EPSL) is available on the FEI Clean Sport website: www.FEIcleanSport.org as a PDF document, database or smart phone app. Detection times are also provided for a limited number of Controlled Medication substances where available. 18. Miscellaneous

18.1 INSURANCES AND NATIONAL REQUIREMENTS

Equestrian sports involve inherent dangerous risks. To the greatest extent permitted by law, the FEI and the FEI Event Organiser shall NOT be liable for any damages relating to loss of property or injury of any kind to Athletes, Owners, Support Personnel or Horses at or in connection with an FEI Event and the FEI expressly excludes all such liability.

18.2 ATHLETES, OWNERS AND SUPPORT PERSONNEL

18.2.1. Personal Accident and Health Insurance

It is your responsibility as an Athlete/Owner/ Support Personnel to ensure that you have adequate personal accident insurance in place to cover your participation at FEI Events and in particular to insure against any personal injury or medical expenses arising from an accident, injury or illness which may occur at a FEI Event.

You should check with your National Federation to confirm if your National Federation’s insurance policy (if any) covers personal accidents and/or illnesses which may occur when you are attending/participating in FEI Events.

If your National Federation does not have a personal accident/health insurance policy or if the National Federation’s insurance policy does not cover personal accident or health claims, then you should obtain your own personal accident and health insurance policy to cover your attendance/participation at FEI Events.

18.2.2. Personal Property Insurance

You should also ensure that you are insured against property loss, theft or damage which may occur at an FEI Event. Again, the advice is to check with your National Federation to confirm if they have an insurance policy in place which would cover you in case of such property loss, theft or damage. If not, then you should obtain your own personal property insurance to cover such situations.

18.3. ATHLETES AND OWNERS

18.3.1. Third Party Liability Insurance

As an Athlete/Owner you are personally responsible for damages to third parties caused by you, your employees, Support Personnel, your agents or your Horses. You are, therefore, strongly advised to take out third-party liability insurance providing full coverage in relation to FEI Events at home and abroad, and to keep the policy up to date.

The FEI and the Organiser will NOT be responsible for any damage caused to third parties by you, your employees, Support Personnel, your agents or your Horses.

18.3.2. Additional Liability Information

It is a condition of entry that all athletes (horses & riders) are adequately insured for third party liability.

18.3.3. Horse Insurance

As an Owner you should ensure that your Horses are adequately insured against any injuries or illnesses they may sustain while participating at a FEI Event. It is a condition of entry that all athletes (horses & riders) are adequately insured for third party liability.
19. STEWARDING

· If an athlete is uncertain as to whether the boots he/she intends to use during an event are allowed, he/she or his/her representative should show the boots to the Chief Steward for his/her opinion before the boots are used in training or in competition.

· In addition, athletes are to be made aware that hind boots must be removed and placed again on the horse’s legs in the presence of a Steward while in the warm-up arena prior to entering the competition arena for certain competitions. (If bandages are used in place of boots, athletes are not required to remove the bandages in the warm-up arena.) This procedure is compulsory for competitions for which boot and bandage control is mandatory, that is the Nations Cup, Grand Prix, and the competition with the highest prize money, and is at the discretion of the Chief Steward for other competitions.

· As an alternative to carrying out this procedure at the time designated by the Steward an athlete may ask his/her groom to take the boots to the in-gate and place them on the horse’s legs in front of the Steward prior to the combination entering the arena.

· The Steward has the authority to intervene if a boot is deemed excessively tight by instructing that the boot be removed and put on again correctly. [Stewards are to note that it is normal for a horse’s gait to be somewhat affected immediately after boots have been removed and re-placed.] If an athlete or his/her groom refuses to remove and re-place the boot(s) when instructed to do so by the Steward, a Yellow Warning Card will be issued to the athlete in question.

· If it is deemed impossible or unsafe to remove the hind boots in the warm-up arena prior to the combination entering the competition arena, due to an extremely excited or nervous horse, the boots of the horse in question are to be removed by the athlete/groom following the athlete’s round upon leaving the arena and inspected by the Steward. This inspection may be carried out during the boot and bandage control if the boot and bandage control is carried out for the competition in question.

20. DISPUTES

In the event of any discussion concerning the interpretation of the schedule (in translated languages), the English version will be decisive.

21. MODIFICATION TO SCHEDULE

In exceptional circumstances, together with the approval of Chefs d’Equipe, host NF delegate, if any, and the Ground Jury, the Organiser may change the schedule in order to clarify any matter arising from an omission or due to unforeseen circumstances. Any such changes must be notified to all athletes and officials as soon as possible and they must be reported to the FEI Secretary General by the Technical Delegate, the President of the Ground Jury or the Foreign Judge, as applicable.

22. Sport Information Center

The major distribution point for Sports Information is the Sport Information Center (SIC) at the Village Plaza in the Athletes’ Village which provides clients with information relating specifically to training and competition for each of the 21 sports. The role of the Sport Information Center is to help the Sport Competition Management team communicate generic Games and Sport specific competition information to Chefs de Missions, Deputy Chef de Missions, and Team officials.
